Message from the Guest Editor

Dear Colleagues,

Please accept this invitation to submit a manuscript for a special issue of Materials entitled "Advances in Biomaterials". This special issue will provide the community with the opportunity to present the latest fundamental and applied biomaterials research to the broader materials community. Materials publishes manuscripts which advance the in-depth understanding of the relationship between the structure, the properties or the functions of all kinds of materials and covers all aspects of biomaterials research. This special issue will facilitate interactions between the biomaterials community and the broader materials communities.

Prof. Dr. Heather Sheardown
Guest Editor
Editor-in-Chief

Prof. Dr. Maryam Tabrizian
Professor of Biomedical Engineering, Professor of Bioengineering, Professor of Experimental Surgery, Associate Dean—Research and Graduate Studies, Department of Biomedical Engineering, Faculty of Medicine/Faculty of Dentistry, Duff Medical Science Building, Room 313, 3775 University Street, Montreal, QC, H3A 2B4, Canada

Message from the Editor-in-Chief

Materials (ISSN 1996-1944) was launched in 2008. The journal covers eleven comprehensive topics: biomaterials, energy materials, advanced composites, structure analysis and characterization, porous materials, manufacturing processes and systems, advanced nanomaterials, smart materials, thin films, catalytic materials and carbon materials. The distinguished and dedicated editorial board and our strict peer-review process ensure the highest degree of scientific rigor and review of all published articles. Materials provides an unique opportunity to contribute high quality articles and to take advantage of its large readership.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded (Web of Science), Ei Compendex and other databases. For more information on the journal’s Impact Factor, see here. Citations to become available in PubMed soon, full-text archived in PubMed Central.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 18 days after submission; acceptance to publication is undertaken in 5.7 days (median values for papers published in this journal in 2017).
