Message from the Guest Editors

Dear Colleagues,

NeuroAIDS remains a major public health problem and is a major cause of death and disability globally. This Special Issue of *Medical Sciences* is being developed in order to provide an update on NeuroAIDS. We invite you to submit your research articles, short communications, or reviews, which include, but are not limited to the following NeuroAIDS topics: cognition, imaging, therapy, intervention, immunology, virology, opportunistic infections, drug abuse, pathophysiology, genetics, gene expression, animal models, and epidemiology.

Topics, authors, and brief abstracts should be submitted by the corresponding author at your earliest convenience. Manuscripts should be submitted before the deadline of 7 June 2019.

We look forward to your contributions.

Sincerely,

Paul Shapshak, PhD
