

Dear Colleagues,

As Editor-in-Chief of *Metabolites*, I am pleased to announce the winner of the 2017 *Metabolites* Travel Award on behalf of the Evaluation Committee:

NICHOLAS RATTRAY, Postdoc fellow at the Yale University, whose principle research interests lie in investigating metabolic changes throughout the human life course with a focus on the dynamics of energy metabolism. He is planning to present his work “Clinical Interpretation of Metabolites in Human Health” at the Metabolomics 2017 Conference (June 26–29, Brisbane, Australia). The award consists of **800 Swiss Francs** towards attending this conference.

It was a difficult decision with such high quality applications for the award and we thank all applicants. We wish to congratulate Dr. Nicholas Rattray for his accomplishments.

A/Prof. Peter J Meikle,
Editor-in-Chief

2017 TRAVEL AWARD WINNER
