

## An Open Access Journal

### **Editor-in-Chief**

Professor Adrian David Cheok

### **Associate Editor**

Dr. Cristina Portalés Ricart

### Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Multimodal Technologies and Interaction* (ISSN 2414-4088). *MTI* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published. *MTI* is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *MTI* as an exceptional opportunity to publish your work. We would provide free publication for well-prepared manuscripts submitted in 2016

### Author Benefits

#### Open Access

Unlimited and free access for readers

#### No Copyright Constraints

Retain copyright of your work and free use of your article

#### Thorough Peer-Review

#### No Space Constraints, No Extra Space or Color Charges

No restriction on the length of the papers, number of figures or colors

## More Information about This Journal

### Aims and Scope

*Multimodal Technologies and Interaction* (ISSN 2414-4088) is an international, multi/interdisciplinary, open access, peer-reviewed journal. *MTI* focuses on fundamental and applied research dealing with all kinds of technologies that can acquire and/or reproduce unimodal and multimodal digital content that supports interaction (e.g. human–computer, human–robot and animal– computer). The scope of *MTI* includes, but is not restricted to:

The scope of *MTI* includes:

- Displays/sensors: visual, tactile/haptic, sonic, taste, smell
- Multimodal interaction, interfaces, and communication
- Human–computer and human–robot relations and interaction
- Animal–computer interaction
- Human factors, cognition
- Multimodal perception
- Smart wearable technology
- Psychology and neuroscience
- Digital and sensory marketing
