Special Issue - Open for Citations
Flavonoids, Inflammation and Immune System

Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Nutrients*, entitled “Flavonoids, inflammation and immune system”, welcomes the submission of manuscripts about any kind of flavonoid, either as a pure compound or included in food, tested on cells, animals, or humans in reference to inflammatory or immune response. Manuscripts can either describe original research or review scientific literature.

Prof. Dr. Margarida Castell
Prof. Dr. Francisco J. Pérez Cano
Guest Editors

Author Benefits

Open Access: free for readers, with publishing fees paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases. Full-text available in PubMed Central.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 26 days after submission; acceptance to publication is undertaken in 7 days (median values for papers published in this journal in 2016).
