Message from the Guest Editors

Dear Colleagues,

Inflammasome activity can also be influenced by variables such as the gastrointestinal microbiota, contributing to the progression of some diseases. The involvement of inflammasomes in numerous chronic-inflammation-related diseases increases interest in investigations regarding their place and use in clinical settings in the future, for the development of new prognostic/predictive biomarkers and therapeutic targets. This Special Issue focuses on the molecular mechanisms of inflammasomes activation and regulation, on the various pathway triggered, and on biological processes in physiological and pathological contexts. Contributions to this Issue can include original articles, reviews, short communications, and editorials.

an Open Access Journal by MDPI

Prof. Dr. Amélia Pilar Rauter

Departamento de Química e Bioquímica (DQB) e Centro de Química e Bioquímica (CQB), Faculdade de Ciências, Universidade de Lisboa (FCUL), Rua Ernesto de Vasconcelos, Campo Grande, Edifício C8, 5º Piso, 1749-016 Lisboa, Portugal

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

Pharmaceuticals is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), [CAPus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Pharmacology & Pharmacy*) / CiteScore - Q2 (*Pharmaceutical Science*)
