

Application and Evaluation of Bioactive Compounds in Food Processing

Guest Editors:

Dr. Jianjun Zhou

Prof. Dr. Nabil Grimi

Dr. Jian Zhang

Dr. Min Wang

Dr. Juan Manuel Castagnini

Message from the Guest Editors

The modern food industry aims to meet the needs of consumers regarding the nutrition, safety, and long-term storage of diverse foods. Due to the influence of mechanical, chemical, biological, and other factors in the processing of food products, we need to improve the quality of foods by using additives. With the increasing demand for healthy food, the application of natural bioactive compounds in stabilizing and improving the quality of food processing has become a new trend.

Deadline for manuscript
submissions:
closed (15 February 2025)

This Special Issue, “Application and Evaluation of Bioactive Compounds in Food Processing”, seeks high-quality works focusing on the topics of interest include, but are not limited to:

1. The development of bioactive compounds related to food processing;
2. Evaluation of bioactive compounds’ properties;
3. The application of bioactive compounds in food products;
4. Development and structural characterization of natural bioactive compounds in food processing;
5. The use of bioactive compounds in improving food quality, as well as their mechanisms.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and
Technology, University of Turin,
Via P. Giuria 9, 10125 Turin, Italy

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes*. *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**,
SCIE (Web of Science), **Ei Compendex**, **Inspec**, **AGRIS**, and **other databases**.

Journal Rank: CiteScore - Q2 (Chemical Engineering (miscellaneous))
