Message from the Guest Editors

Dear Colleagues,

The International Proteomic Conference in conjunction with the 4th Asia Oceania Agricultural Proteomics Organisation Conference will be held in Kuala Lumpur, Malaysia from 15 to 17 August, 2017.

The theme for the conference is “Proteomics in Biotechnology and Life Sciences” which aptly represents the current state of proteomics technology that is applicable in all aspects of biological sciences. Therefore, in this conference, we will cover topics related to proteomics that range from agriculture to biomedical sciences. The aim of the conference is to provide a platform for knowledge exchange, networking, as well as information and technology sharing among distinguished proteomic researchers from all over the world. For details, please visit <http://ipc2017.weebly.com/>

Participants of the conference are cordially invited to contribute original research papers or reviews to this Special Issue of *Proteomes*.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: Indexed in the Emerging Sources Citation Index (ESCI - Web of Science). Citations available in PubMed, full-text archived in PubMed Central. To be added in Scopus from Vol. 5 (2017).

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 29 days after submission; acceptance to publication is undertaken in 7 days (median values for papers published in this journal in 2016).
