Fifty Years of Landsat

Guest Editor:

Dr. Prasad S. Thenkabail

Senior Scientist (ST), U. S. Geological Survey (USGS), USGS Western Geographic Science Center (WGSC), 2255, N. Gemini Dr., Flagstaff, AZ 86001, USA

Deadline for manuscript submissions:

closed (31 December 2023)

Message from the Guest Editor

We are inviting papers for a Special Issue on Landsat's 50 years of legacy. Every possible type of papers is welcome, but each of them must be linked to Landsat science in one way or another. You are specifically encouraged to submit articles on the following topics:

- 1. History and legacy of Landsat's 50 years;
- 2. Landsat science cutting across multiple applications;
- 3. Landsat data calibration and validations including cross-sensor calibrations;
- 4. Landsat science compared to science from other satellite sensors;
- 5. Global as well as local studies;
- 6. Strengths and limitations of Landsat data in various applications;
- 7. Future of Landsat data;
- 8. Comparing Landsat to studies from present and future generation of sensors;
- 9 Other Landsat-related studies

Message from the Editor-in-Chief

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend Remote Sensing for your best research publications for a fast dissemination of your research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

Journal Rank: JCR - Q1 (*Geosciences, Multidisciplinary*) / CiteScore - Q1 (*General Earth and Planetary Sciences*)
