**Dr. Albert Cohen**

Department of Mathematics, Michigan State University, East Lansing, MI 48824, USA

Deadline for manuscript submissions:

**closed (31 March 2020)**

### Message from the Guest Editors

Young minds are a wonderful source of fresh, disruptive ideas in the definition, pricing, and mitigation of risk. Unencumbered by traditional approaches to risk management and insurance, this next generation is primed to think about risk in emerging areas such as cyber-insurance and autonomous cars, and offer new insights on traditional actuarial topics. This special issue seeks to put a spotlight on the next generation of actuarial scientists, risk managers, and quants who may not have had the chance to see their work disseminated in a leading journal such as *Risks*.

Our goal with this Special Issue is to encourage postdoctoral fellows, graduate, and undergraduate students (with or without PhD/Fellow/Associate co-authors) to submit their work to us in the confidence that they will be reviewed with care by leading academics and practitioners in the field. We hope this experience will encourage our next generation of actuaries and risk managers to keep transforming our field for the betterment of society.

- Risk Management
- Insurance Economics

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Steven Haberman

Faculty of Actuarial Science and  
Insurance, Bayes Business  
School, City University of London,  
106 Bunhill Row, London EC1Y  
8TZ, UK

## Message from the Editor-in-Chief

*Risks* is published in Open Access format – research articles, reviews and other content are released on the internet immediately after acceptance. Specifically, *Risks* welcomes contributions that

- contribute with insight, outlook, understanding and overview, no matter how simple they are;
- show creativity in pedagogical tricks and techniques;
- help the transfer of theoretical research to public and private application;
- show responsibility for societal impact.

The scientific community and the general public have unlimited free access to the content as soon as it is published.

## Author Benefits

**Open Access:** free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High visibility:** indexed within **Scopus, ESCI (Web of Science), EconLit, EconBiz, RePEc,** and **other databases.**

**Journal Rank:** CiteScore - Q1 (*Economics, Econometrics and Finance (miscellaneous)*)
