Deadline for manuscript submissions:

20 August 2024

Message from the Guest Editors

Dear Colleagues,

The aim of this Special Issue is to advance the existing knowledge regarding policies, measures and designing approaches related to shared spaces. It is expected that the papers that will be published as part of this Special Issue will contribute in identifying ways for efficiently integrating shared spaces in the urban environment in order to form cities that are friendly to pedestrians, cyclists and micromobility users.

Research areas may include (but are not limited to) the following:

- Simulation analyses of pedestrians, cyclists and micromobility users' behavior and interactions;
- Observational studies, using state of the art data collection methods;
- Methodologies aiming to assess the performance of shared spaces, using the Level of Service (LOS) and Quality of Service (QOS) concepts;
- Surveys investigating pedestrians, cyclists and micromobility users' attitudes;
- Qualitative techniques for integrating users' perspective in shared space design, with particular emphasis on people with disabilities.

We look forward to receiving your contributions.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international Open Access journal which provides an advanced forum for research findings in areas sustainability related to and sustainable development. Sustainability publishes original research articles, review articles and communications, I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
