Deadline for manuscript
submissions:

31 December 2018

Message from the Guest Editor

Dear Colleagues,

This Special Issue will consist of selected papers from the *Sustainable Asia Conference 2018*, an annual international conference held at the Chinese Academy of Science (CAS), Beijing, China, 18–21 May, 2018. SAC 2018 (<http://abf.inha.ac.kr/>) is one of the leading international conferences for presenting novel and fundamental advances in Sustainable Development issues for Asia. The purpose of the conference is for scientists, scholars, engineers, and students from universities and research institutes around the world to present ongoing research activities so as to promote global research networking in the area of sustainable development. This conference provides opportunities for delegates to exchange new ideas and application experiences, face-to-face, to establish research or business relationships, and to find global partners for future collaborations. The scope of this Special Issue encompasses topics related to sustainable development and management at both the macro- and micro-levels in Northeast Asian countries.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded, the Social Sciences Citation Index (Web of Science) and other databases.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 22 days after submission; acceptance to publication is undertaken in 5.9 days (median values for papers published in this journal in 2017).
