Environmental and Mechanical  
Engineering (DICAM), University  
of Trento, 38123 Trento, Italy

### Message from the Collection Editor

Dear Colleagues,

This Special Issue focuses on eutrophication with the aim of presenting this phenomenon through an integrated vision that may come both from specialized and from interdisciplinary articles. Received papers are expected to cover a wide range of topics: From the sustainable management of catchment basins of lakes (prevention) to the analysis of the suitability of in-lake solutions for the water body recovery (treatment), from the detailed study of algal species to understand the evolution of eutrophication to the study of the sediments of lakes. Of course, the sustainable management of water bodies will be not limited to lakes: Coastal areas of seas, lagoons, reservoirs will be dealt with the same attention. Papers selected for this Special Issue will be subject to a peer review procedure with the aim of rapid and wide dissemination of their contents.

Prof. Marco Ragazzi

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
