### Message from the Guest Editors

Dear Colleagues,

The Special Issue of *Sustainability* on education policies will monitor education policy priorities and policy developments from early childhood education to adult education. The purpose is to provide a comparative understanding of the effect and impacts of education programs. We will focus on key education priorities examining recent interventions spanning from early childhood education and care to higher education and lifelong learning on topics related to school improvement, evaluation and assessment, governance and funding.

The topics are but not limited to:

- sustainability education
- education policies
- public policies
- education priorities
- education programs
- school improvement
- teacher qualifications
- national education priorities
- students achievement
- students performance
- school quality
- students outcomes
- academic performance
- education measures
- human capital
- educational output
