Sciences, Faculty of  
Management, Heide, Germany

Deadline for manuscript  
submissions:

**closed (30 April 2020)**

### Message from the Guest Editors

This special issue calls for research contributions that elaborate on sustainable OSCM. Theoretical contributions that propose mathematical approaches or conceptual frameworks that model the complex interplay of factors in sustainable OSCM are welcome. Moreover, the call also addresses empirical studies to extend existing / build new theoretical insights on complex and interrelated sustainable demands or to illustrate the application of best practices and routines for sustainable OSCM. Suitable topics include but are not limited to the following:

- Supply chain sustainability in presence of risk and uncertainty.
- Measuring and managing sustainability performance in supply chains.
- Identification and implementation of best practices, routines and capabilities for sustainable OSCM.
- The interplay of decision-makers, stakeholders and shareholders in sustainable supply chains.
- Sustainable OSCM in specific application contexts or industry sectors.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
