Message from the Guest Editors

Dear Colleagues,

This Special Issue on “Sustainable Urban Agriculture” will group together contributions describing state-of-the-art experiences and researches associated with urban agriculture (UA) sustainability. Submitted papers should address one or more of the following questions:

1. Which cropping systems are best suited to urban conditions?
2. How healthy agricultural goods can be produced in urban environments?
3. Which technologies can be adapted or developed to boost UA performances?
4. How can UA reduce city environmental footprint?

Papers selected for this Special Issue will undergo a rigorous peer review procedure with the aim of rapidly and widely disseminating innovative research results and successful experiences.

Dr. Francesco Orsini
Dr. Esther Sanyé-Mengual
Dr. Giorgio Gianquinto
Guest Editor

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded, the Social Sciences Citation Index (Web of Science) and other databases.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 28 days after submission; acceptance to publication is undertaken in 5 days (median values for papers published in this journal in first half of 2017).
