Message from the Guest Editors

Dear Colleagues,

For this Special Issue, we welcome papers dealing with case studies, literature review, survey findings, analytical methods, and tools. Examples of topics of interest include:

- Studies on sustainable smart cities research;
- Elaboration on the concept of smart villages;
- Smart urban applications for different domains of human activity including education, transportation, energy, accessibility, policy making, governance, entertainment, collaboration, behavior etc.;
- Advanced information and communication technologies for smart cities research including data mining, analytics, cloud computing, open source technologies, virtual and augmented reality, collaborative platforms, content management systems, etc.;
- Policy-making and sustainable government initiatives for smart social businesses and entrepreneurship in villages and rural areas;
- Case studies, prototypes and project deliverables related to smart cities research; Irregular migratory flows and smart villages initiatives;
- Public consultation and open smart democracy.

Prof. Miltiadis D. Lytras

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High visibility: indexed by the Science Citation Index Expanded, the Social Sciences Citation Index (Web of Science) and other databases.
Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 22 days after submission; acceptance to publication is undertaken in 5.9 days (median values for papers published in this journal in 2017).
