Society, Lund University, 22100  
Lund, Sweden

### **Message from the Guest Editors**

The goal of this Special Issue is to deal with new challenges in the simulation and management problems of both traditional and innovative BSSs. Models and optimization methods (interdisciplinary approaches are also well accepted), policy suggestions, data analysis, and applications to case studies are just some examples of the possible approaches that can be presented, which essentially aim at encouraging the competitiveness and attractiveness of BSSs and contributing to the further promotion of sustainable mobility.

Deadline for manuscript  
submissions:  
**closed (31 December 2020)**

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
