

Dear Colleagues,

This Special Issue aims to call for papers which include, but are not limited to, the following topics:

- Preferences and trends for commercial property in the post-COVID-19 era;
- The changing role of cities in the housing market in the post-COVID-19 era;
- Long-term economic effects of the pandemic on the property market in the post-COVID-19 era;
- Government policies and the property market in the post-COVID-19 era;
- ESG investing and green buildings in the post-COVID-19 era;
- Government policies/economic uncertainty and REITs volatility as well as return in the post-COVID-19 era;
- Housing demands, preferences, and affordability in rental and sale markets in the post-COVID-19 era;
- Challenges of property risk management and property valuation in the post-COVID-19 era;
- Property and construction economics issues in the post-COVID-19 era.
