Advances in Sustainable Hydraulic and Water Resource Engineering

Guest Editor:

Dr. Ying-Tien Lin

Coastal and Offshore Engineering, Ocean College, Zhejiang University, Zhoushan 316021, China

Deadline for manuscript submissions:

7 October 2024

Message from the Guest Editor

In this Special Issue, we aim to explore the recent advances in sustainable hydraulic and water resource engineering using modern technologies, as well as cover a broad scope of sustainable solutions and development beneficial for hydraulic and water resource engineering. We encourage submissions of high-quality papers on novel designs, technologies, ideas, solutions, and reviews for sustainable hydraulic and water resource engineering. Research areas related to environmental and economic issues in hydraulic and water resource engineering are also welcome.

We look forward to receiving your contributions.

Keywords:

- hydraulic engineering
- water resource engineering
- fluid mechanics
- sustainable development
- disaster prevention
- early warning system
- urban flooding
- artificial intelligence
- environmental and economic issues

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international Open Access journal which provides an advanced forum for research findings in areas sustainability related to and sustainable development. Sustainability publishes original research articles, review articles and communications, I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
