### Message from the Guest Editor

We announced a new Special Issue of the journal Sustainability recently, entitled “Carbon Neutral Society and Sustainable Development: Challenges and Solutions”. This Special Issue focuses on a range of topics related to projects that work towards carbon neutral societies and sustainable development by highlighting the challenges identified in such projects. We seek to present recommendations and solutions to the challenges identified in these projects. Research areas may include, but are not limited to, challenges and solutions related to the following projects:

- Sustainable green energy solutions;
- Carbon neutral cities of the future;
- Urban carbon capture and sequestration solutions;
- Sustainable urban transportation solutions;
- Sustainable construction material sourcing;
- Future waste management in sustainable cities.
