Deadline for manuscript
submissions:

1 December 2024

Message from the Guest Editor

Resource recovery and management is a crucial aspect of sustainable urban development. In this Special Issue, research areas may include (but are not limited to) the following:

(a) Technological advancements in resource recovery. This theme includes research articles focusing on innovative technologies for resource recovery from different waste streams;

(b) Circular economy strategies for urban resource management. This theme encompasses research articles exploring circular economy principles in the context of urban resource management.

(c) The socio-economic aspects of resource recovery and management. This theme explores the socio-economic implications of resource recovery and management initiatives in urban areas.

(d) The tools and frameworks for decision-making in resource recovery. This theme focuses on research articles discussing the decision-making tools and frameworks that aid stakeholders in making informed choices regarding resource recovery and management practices.

(e) Case studies and best practices. This theme showcases case studies and best practices from around the world, highlighting successful resource recovery and management initiatives in urban areas.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
