1. Experimental section

Animal material:

The aerial parts of *Sonneratia Paracaseolaris* were collected in Wenchang, Hainan Province, China, in October 2007, and was identified by Associate Prof. Cairong Zhong (Dongzhai Mangrove Forest National Nature Reserve). The voucher specimen (NO. WC-2007-10) was deposited at State Key Laboratory of Marine Drugs, Ocean University of China, China.

Biological assay:

S. paracaseolaris
