The article [1] published in *Molecules* was the subject of a law suit related to authorship. We previously published an Expression of Concern to highlight this fact to readers. A final judgment has now been made and no changes to the authorship are required.

We wish to reiterate that the published authors were found not to be at fault in choosing to publish the article in *Molecules* and were responsible for all aspects of the reported work.

**Conflicts of Interest:** The authors declare no conflict of interest.
