**Figure S1** (a) GO diffraction XRD patterns collected in  $\theta$ - $2\theta$  scan mode drop-casted on glass, (b) UV-vis absorption spectrum of GO drop-casted onto quartz substrate, (c) SEM analysis of GO film spin-coated onto ITO substrate at two different magnifications (scale bar 1  $\mu\text{m}$  and 300 nm).

**Figure S2:** Schematic view of inks preparation process.
