

Original blots, Figure 2
Molecular mass markers are indicated

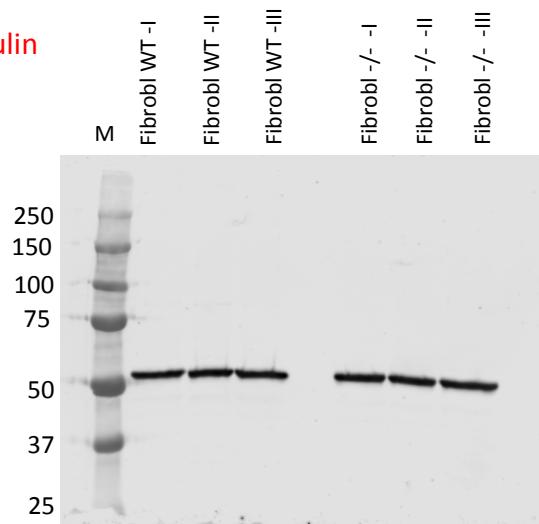

β -Tubulin

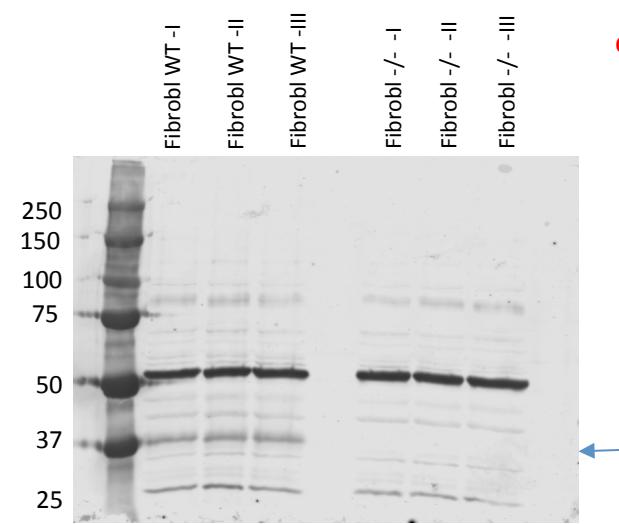

Original blots, Figure 3, a and b
Molecular mass markers are indicated

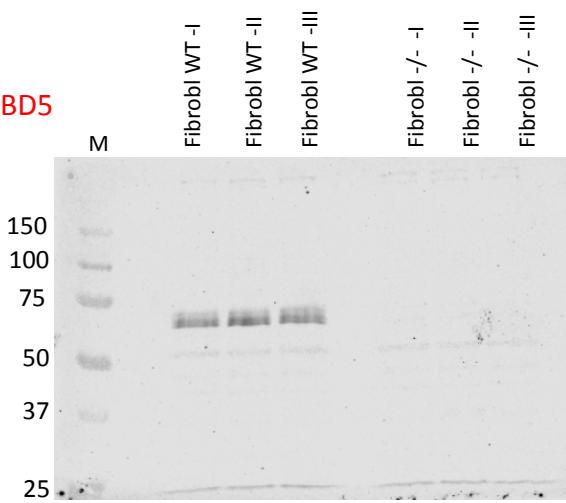

α tubulin

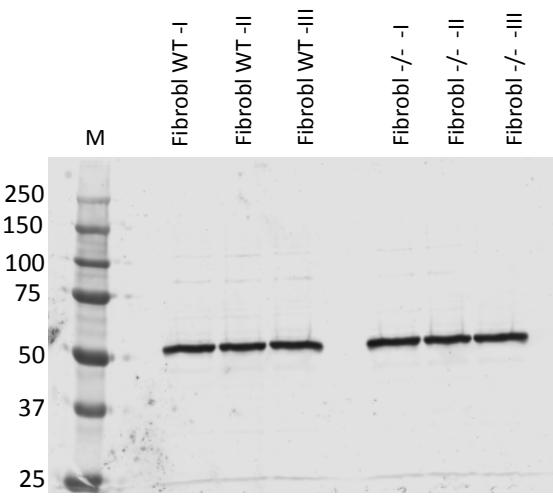

α Pex3

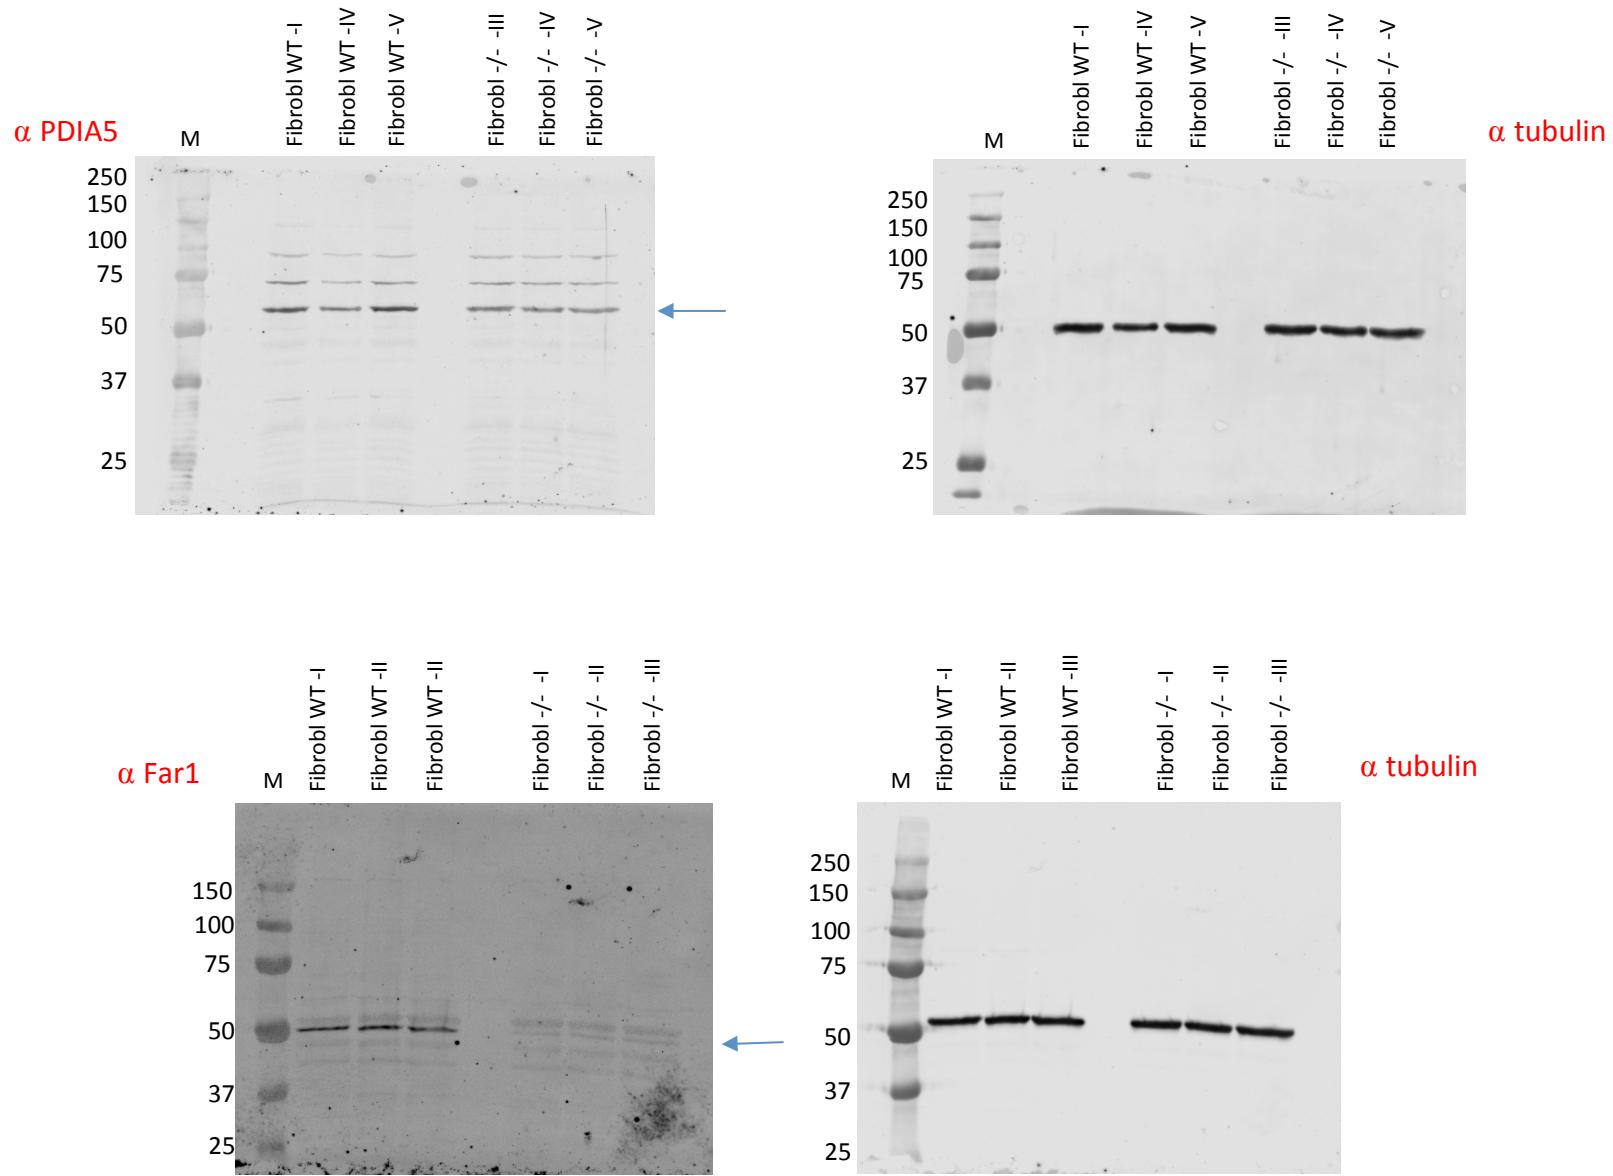

α ACBD5

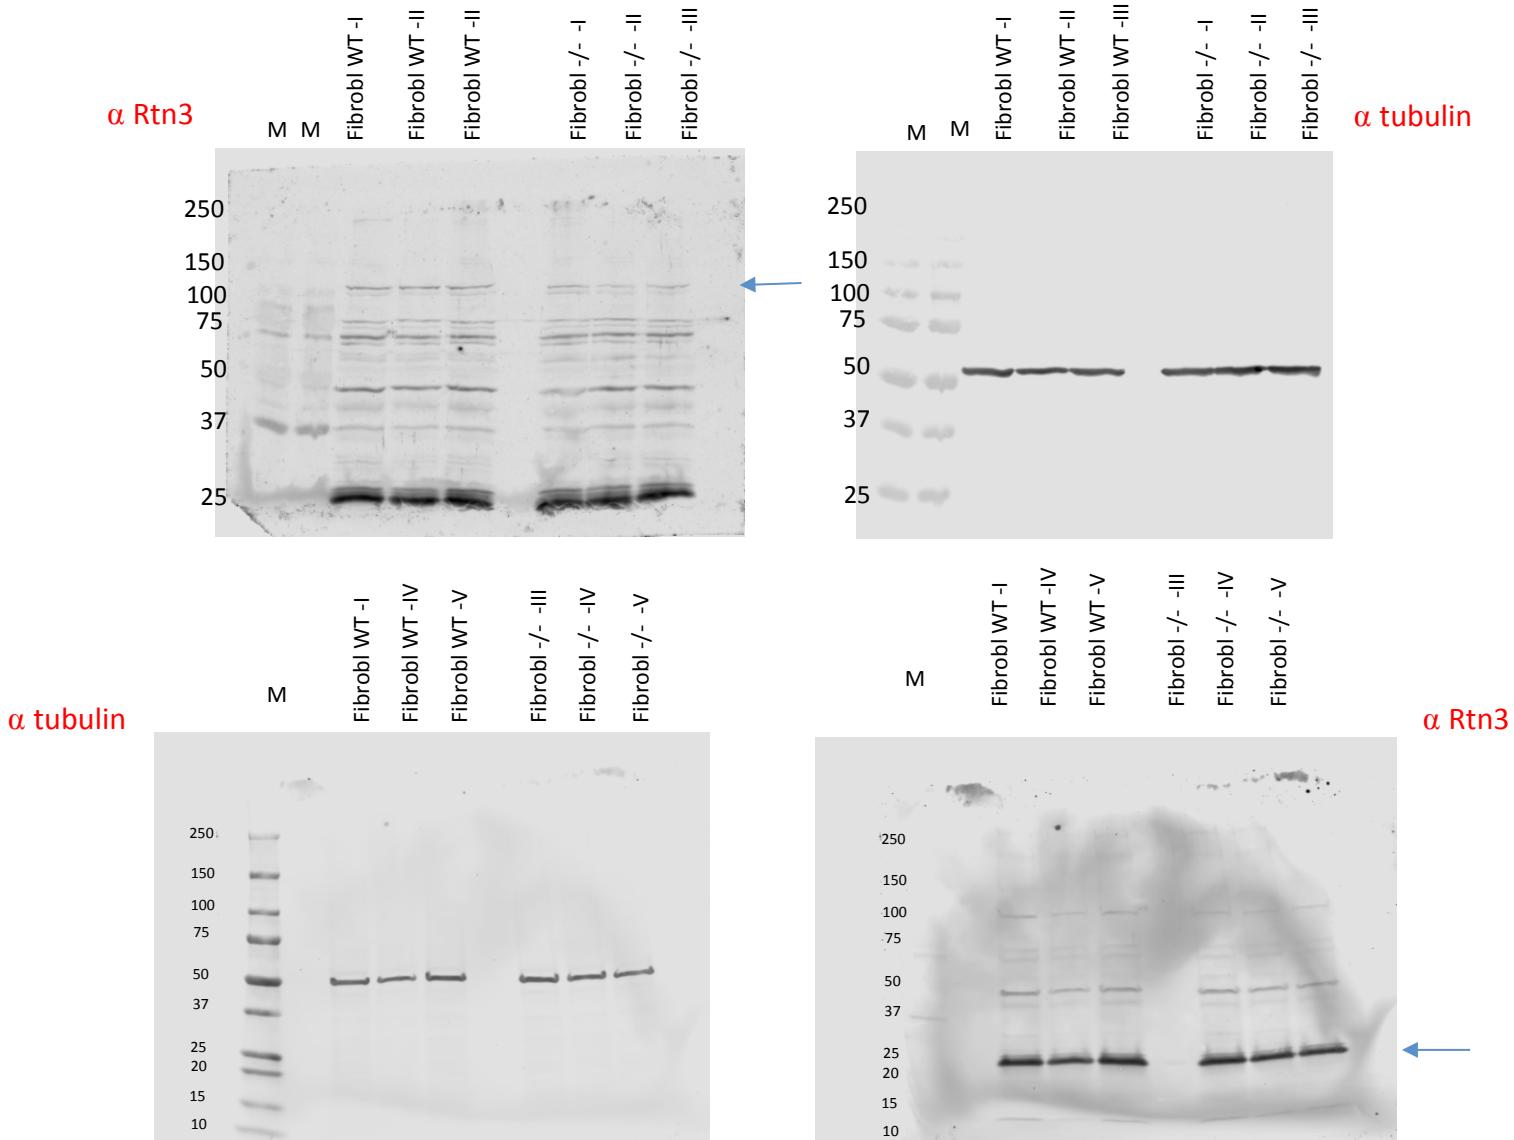

α tubulin

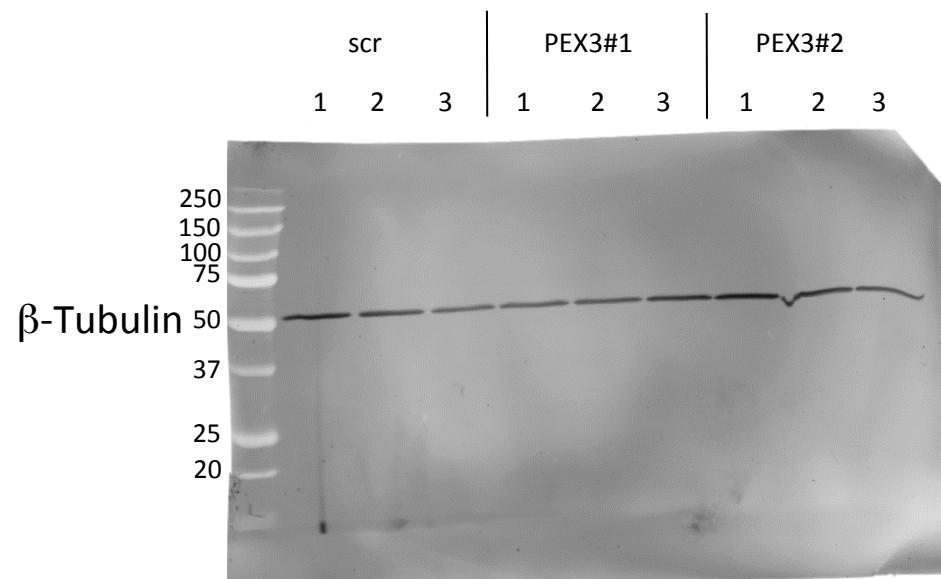

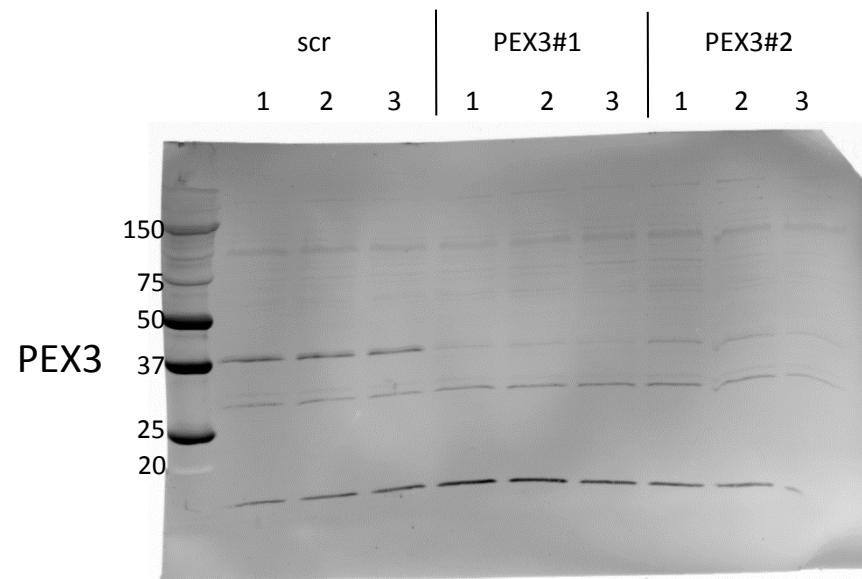

Original blots, Figure 3, c and d
Molecular mass markers are indicated

Original blots, Figure 3, e and f
Molecular mass markers are indicated

Original blots, Figure S1
Molecular mass markers are indicated

Silencing in HeLas
