Supplementary Information

Black Ginseng Extract Exerts Potentially Anti-Asthmatic Activity by Inhibiting the Protein Kinase Cθ-Mediated IL-4/STAT6 Signaling Pathway

Yu Na Song *et al.*,

● Supplementary Figures S1

Figure S1. Representative HPLC profiling of black ginseng extract (BGE) 1

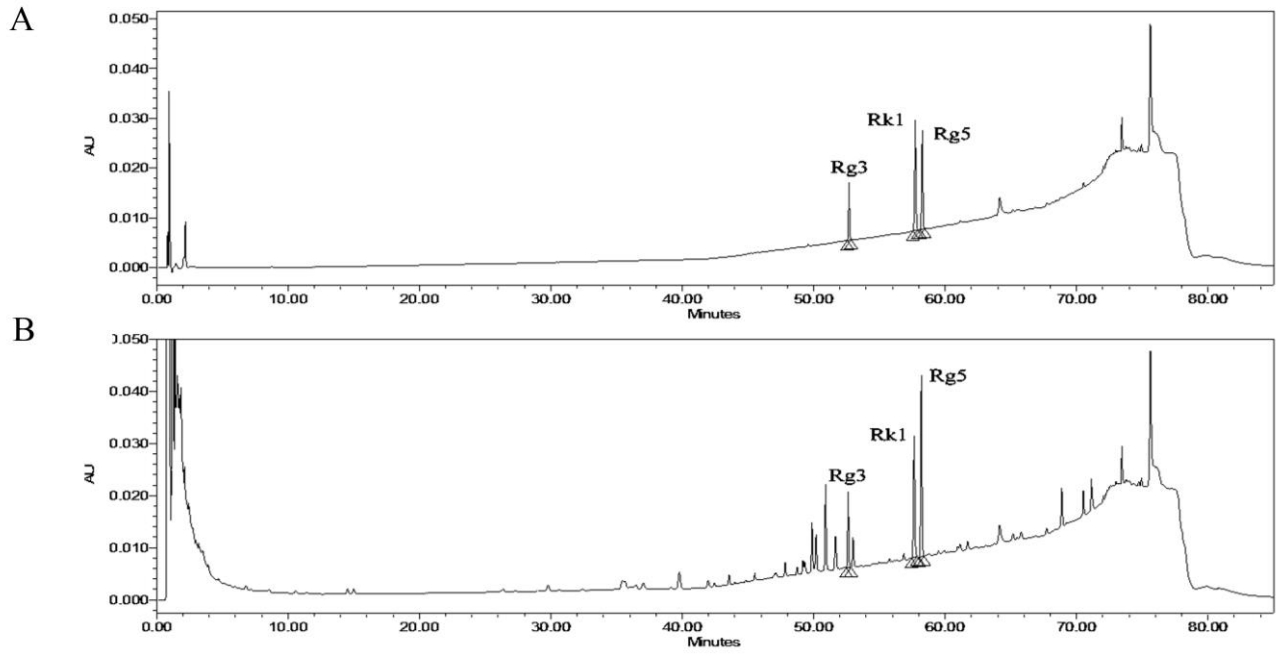

Figure S1. Representative HPLC profiling of black ginseng extract (BGE) (**A**–**B**) HPLC profiling chromatograms of three standard ginsenoside mixtures (**A**) and BGE (**B**) at λ = 203 nm. Rg3, Rk1, and Rg5 appeared at retention times of ~52.8, 57.9, and 58.2 min, respectively.
