

**Figure S1 .** Conservation and diversity of the motifs in LrWRKY proteins. The schematic representation of ten motifs in WRKY family is elucidated by MEME.

**Figure S2 .** Expression profile heatmap with hierachal clustering of *LrWRKYs* in different tissues of *L. longituba*. Red and blue represent high and low relative transcript abundance, respectively.

**Figure S3 .** Heatmap of *LrWRKY* genes expression profiles with MeJA treatment. Red and blue represent high and low relative transcript abundance, respectively.
