

Supplementary Data S1

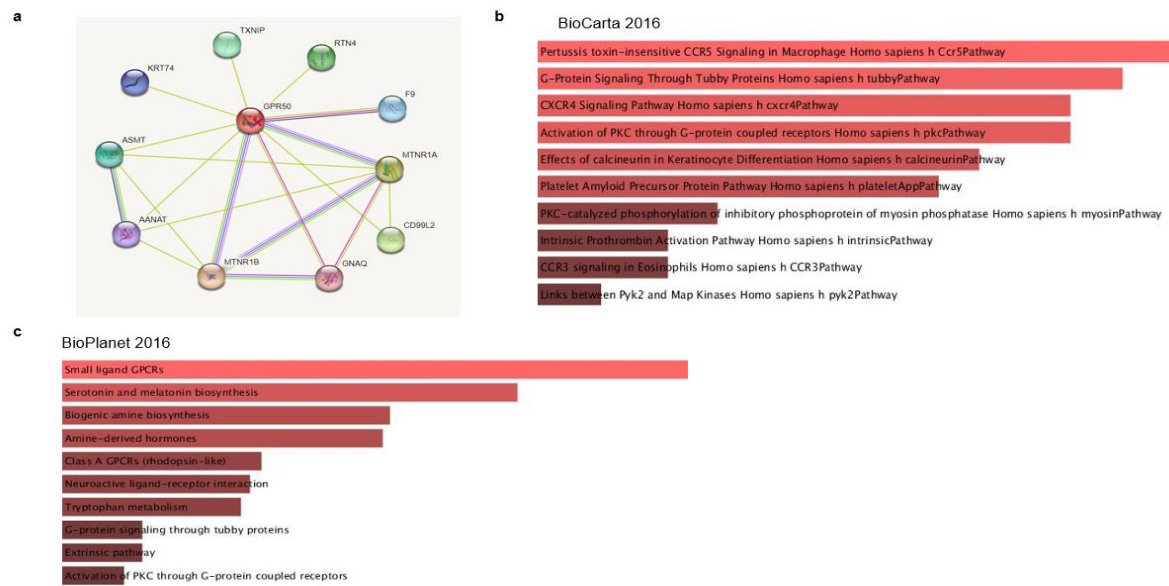

Figure S1. Interacting protein profile with the GPR50 involved in signaling pathways in Breast Cancer. (a) PPI profile of GPR50 was analyzed using STRING (v. 11.5). Enrichr Bar Graph data were collected from Enricher web (<https://amp.pharm.mssm.edu/Enrichr>). (b) BioCarta pathways 2016. (c) BioPlanet pathways 2016.
