

## Article

# Karstic Landscapes Are Foci of Species Diversity in the World's Third-Largest Vertebrate Genus *Cyrtodactylus* Gray, 1827 (Reptilia: Squamata; Gekkonidae)

**Table S1.** Species, habitat preference with supporting references, species group designations, and GenBank accession numbers for specimens used in the SCM analysis. Species can be cross-referenced to Figure 6 by their GenBank no.

species	habitat	reference	species group	GenBank no.
<i>Cyrtodactylus adorus</i>	granite	Shea et al. [1]	<i>tuberculatus</i>	KT363927
