

Questionnaire survey on saiga antelope conservation

Dear sir/madam:

Hello!

In order to understand the domestic society's perception of saiga antelope and optimize the saiga antelope conservation policies, we organized this survey. This questionnaire is anonymous, and the answers are neither good nor bad. The data obtained will be only used for academic research and will not cause any infringement or loss to you. Please try to choose the option that conforms to your real situation when you answer. Thank you for your support!

Please read the following material before completing the questionnaire:

There are three types of wildlife conservation activities in this questionnaire, that is, online, offline and donation activities. Online activities refer to forwarding relevant news, popularizing science articles and public service advertisements on the Internet calling for the boycott of illegal wildlife trade, and online supervision and reporting of illegal activities. Offline activities refer to participating in offline publicity, popularizing knowledge about saiga antelope conservation to people around, and participating in wildlife conservation in the field. Donation activities refer to donations for the purpose of conserving wildlife.

1. You have participated in wildlife conservation through online activities.
never ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5 extremely frequent
