Received: 16 October 2020; Accepted: 26 October 2020; Published: 28 October 2020

The authors wish to make the following corrections to this paper [1]: we have found a typing error in the caption of Figure 9 (page 12)— T_s should have a value of 2220.3 K, not 220.3 K.

The correct caption of Figure 9 is

Figure 9. Non-linear curve fitting results for a spectrum from combustion of PyE sample, RMSE (root mean square error) = 0.4393, $\theta_0 = 0.0249$, $T_s = 2220.3$ K, θ_1 (related to I_1 or Na) = 3.4583, θ_2 (related to I_2 or Na) = 15.7373, θ_3 (related to I_3 or FeO) = 6.2484, θ_4 (related to I_4 or Fe_3O_4) = 7.3093 and θ_5 (related to an offset) = 9.6×10^{-8} .

This change has no material impact on the conclusions of our paper. The authors would like to apologize for any inconvenience caused to the readers by this change.
