The authors wish to make the following erratum to this paper [1].

Funding is incorrect and must be replaced by the following Funding:

Funding: This material is based upon work supported by the Ministry of Trade, Industry & Energy (MOTIE, Korea) under the Sensor Industry Enhancement Program (20003125, Development of an ultraprecision measurement sensor based on the fiber composite for flaw detection of the composite structure), and the Korea Institute for Advancement of Technology (P0007067).

The authors would like to apologize for any inconvenience caused to the readers by these changes.
