

Figure S1. Expression of the Cav3.1 subunit after 24-hour incubation in MCF-7/WT cell line.

Figure S2. Expression of the Cav3.1 subunit after 48-hour incubation in MCF-7/WT cell line.

Figure S3. Expression of the Cav3.1 subunit after 24-hour incubation in MCF-7/DOX cell line.

Figure S4. Expression of the Cav3.1 subunit after 48-hour incubation in MCF-7/DOX cell line.

Figure S5. Expression of the Cav3.2 subunit after 24-hour incubation in MCF-7/WT cell line.

Figure S6. Expression of the Cav3.2 subunit after 48-hour incubation in MCF-7/WT cell line.

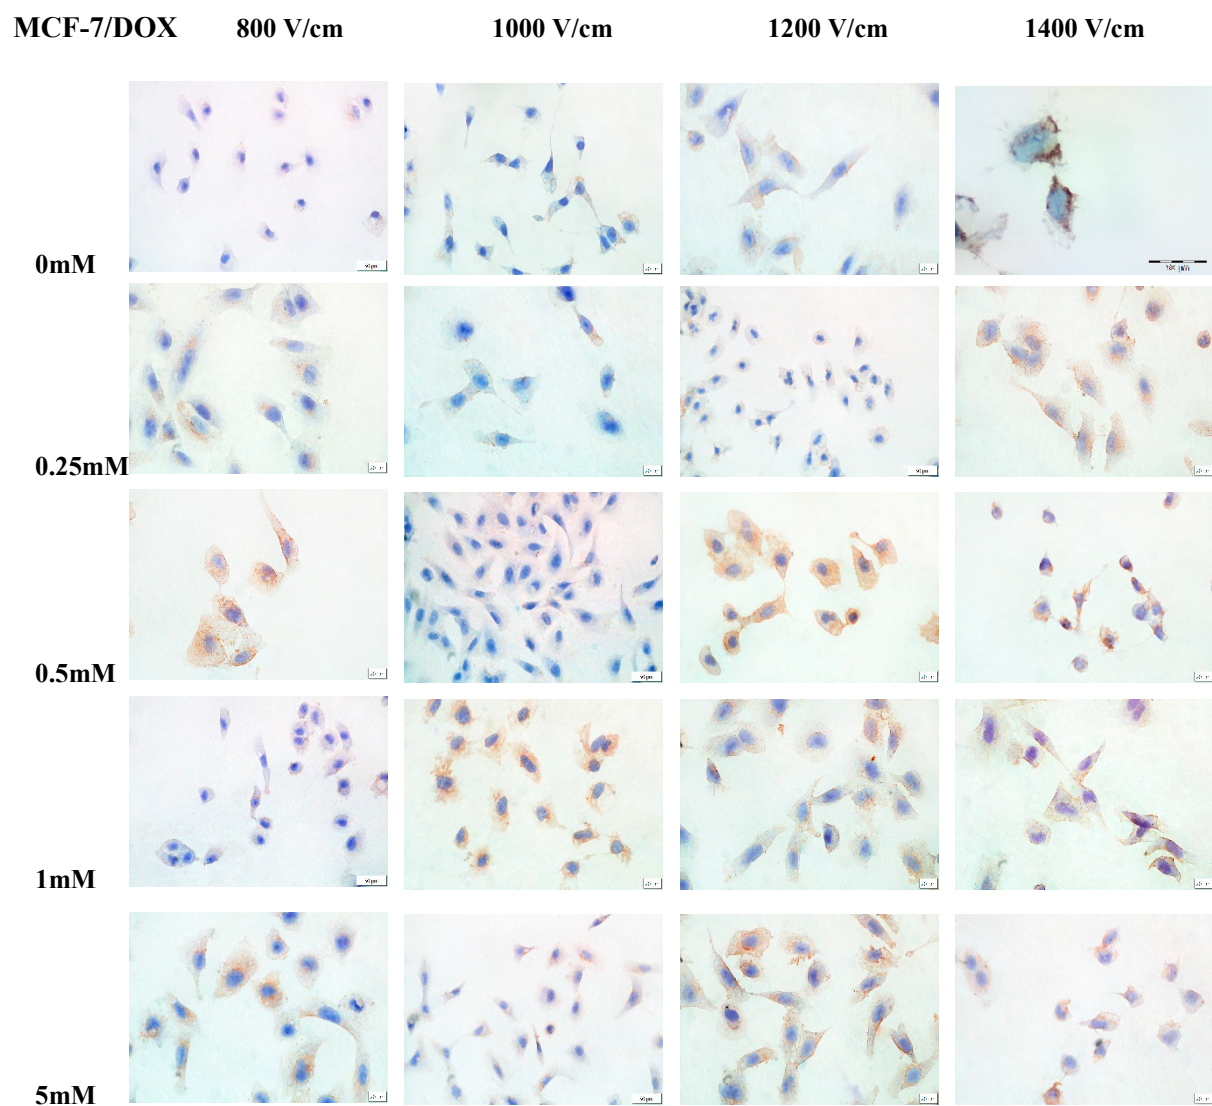

Figure S7. Expression of the Cav3.2 subunit after 24-hour incubation in MCF-7/DOX cell line.

Figure S8. Expression of the Cav3.2 subunit after 48-hour incubation in MCF-7/DOX cell line.
