ADDRESS QUESTIONNAIRE

In order for us to be able to more accurately assess the possible effects of polluted air on brain development, please provide us with:

1. The addresses where your child has lived since birth;
2. The addresses where your child's mother lived during the pregnancy;
3. The addresses of all schools and preschools your child has attended.

All address data you provide to us will be converted into GPS coordinates and will not be used for any purposes other than our research. The GPS coordinates data will be stored in such way that no one, not even those conducting the research, will be able to identify you or your child.

If you do not remember full addresses, please provide us with all the details known to you.

1. Your child's home addresses since birth [If your child lived at two addresses at any point in time, please provide both].
