- cv01 I am afraid of becoming infected with COVID-19.  
 cv02 I feel like I have little control over whether or not I get infected with COVID-19.  
 cv03 I feel like I would not survive a COVID-19 infection.  
 cv04 I feel like I have to give up because of COVID-19.  
 cv05 I am afraid of infecting others with COVID-19.

cv06 My family and friends are afraid that they will get infected by me with COVID-19.

cv07 The German government has done the right things in dealing with COVID-19 (inverted).

cv08 COVID-19 worries me.

cv12 COVID-19 is not much worse than the annually recurring flu.

cv13 The actual background of the coronavirus disease will never come to light.

cv14 The COVID-19 crisis has been talked about in such a way that few can benefit from it.
