Error in Table

In the original publication [1], there was a mistake in **Table 3** as published. **The error made was that Table 4 was inserted twice as Table 3 and Table 4, while Table 3 was omitted. Table 3 was supposed to present factors associated with knowledge about the existence and definition of asymptomatic malaria among HCWs. While Table 4 presents the factors associated with knowledge about diagnosis and treatment of asymptomatic malaria among HCWs**. The corrected **Table 3** appears below. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

Int. J. Environ. Res. Public Health **2024**, 21, 80

Table 3. Factors associated with knowledge about the existence and definition of asymptomatic malaria among HCWs.

Sample Characteristic	Knowledge of Existence of ASM				Knowledge of Definition of ASM					
	n	%	OR (95% CI)	<i>p</i> -Value	AOR (95% CI)	<i>p-</i> Value	n	%	OR (95% CI)	p-Value
Total	100	88.0					88.0	83.0		
Age of respondent (years)				>0.99						0.23
18–29	25	88.0	1		NI		22	90.0	2.45 (0.51–11.84)
