

# Meta-Analysis of Neoadjuvant Immunotherapy for Patients with Resectable Non-Small Cell Lung Cancer

Christopher Cao, Anthony Le, Matthew Bott, Jeffrey Yang, Dominique Gossot, Franca Melfi, David H. Tian and Allen Guo

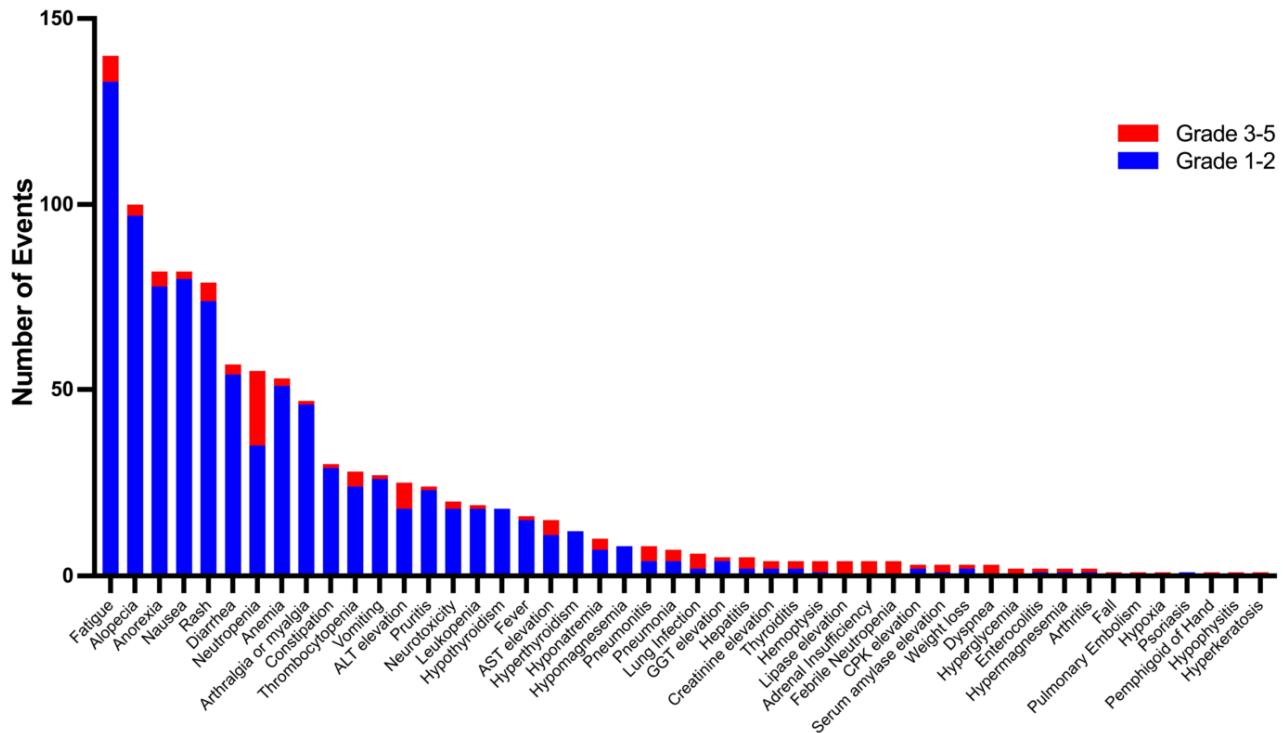

**Figure S1.** PRIMSA flow chart detailing the literature search process for studies on neoadjuvant immunotherapy and surgery for non-small cell lung cancer.

### Post-surgical adverse outcomes after neoadjuvant immunotherapy

**Figure S2.** Post-surgical adverse events for patients with resectable non-small cell lung cancer after neoadjuvant immunotherapy.

**Figure S3.** Treatment-related adverse events for patients with resectable non-small cell lung cancer after neoadjuvant systemic therapy.

**Table S1.** Postoperative surgical adverse events of patients who underwent neoadjuvant immunotherapy and resection for non-small cell lung cancer.
