It has come to our attention that the majority of the content in the title paper [1] was translated from Wang et al. [2] without citation. The editorial board and editorial office consider the concerns sufficiently serious that we have decided to retract the paper.

MDPI is a member of the Committee on Publication Ethics and takes the responsibility to enforce strict ethical policies and standards very seriously. To ensure the addition of only high-quality scientific works to the field of scholarly publication, [1] is retracted and shall be marked accordingly. We apologize to the readership of *Energies* for any inconvenience caused.
