Error in Figure

In the original publication [1], there was a mistake in Figure 11 as published. The error occurred during the preparation of Figure 11, where the a-control was mistakenly pasted as a-0 min.

The corrected Figure 11 appears below. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

Figure 11. Confocal laser scanning microscopy of rabbit corneal tissues at various time points post-dropping of (a) free C₆ and (b) C₆@HS15/DSPE-PEG2000-L-Val. (The white arrow represents where C₆ penetrated into the cornea).
