The authors would like to make the following corrections about the published paper [1]. The changes are as follows:

(1) Replacing the Equation (3):

$$\frac{\partial \bar{u}}{\partial t} + \bar{u} \cdot \nabla \bar{u} = -\frac{1}{\rho} \nabla p + \nu \nabla^2 \bar{u} + \bar{f}_b + I, \quad (3)$$

with

$$\frac{\partial}{\partial t}(\rho \bar{u}) + \nabla \cdot \left(\frac{1}{n} \rho \bar{u} \times \bar{u} \right) = -n \nabla p + \nabla (u \nabla \cdot \bar{u}) + n \rho \bar{f}_b - I, \quad (3)$$

(2) Replacing the Equation (4):

$$\frac{\partial \bar{u}}{\partial t} + \bar{u} \cdot \nabla \bar{u} = -\frac{1}{\rho} \nabla p + \nu \nabla^2 \bar{u} + \bar{f}_b + I, \quad (4)$$

with

$$I = A \bar{u} + B \bar{u} |\bar{u}| + c \frac{\partial}{\partial t}(\rho \bar{u}), \quad (4)$$

(3) Replacing the Equation (5):

$$\frac{\partial \bar{u}}{\partial t} + \bar{u} \cdot \nabla \bar{u} = -\frac{1}{\rho} \nabla p + \nu \nabla^2 \bar{u} + \bar{f}_b + I, \quad (5)$$

with

$$A = \alpha \frac{(1-n)^3}{n^2} \frac{\mu}{D_{50}^2}, \quad (5)$$

(4) Replacing the Equation (7):

$$\frac{\partial F}{\partial t} + \nabla \cdot (\bar{u} F) + \nabla \bar{u}_c F (1 - F) = 0, \quad (7)$$

with

$$\frac{\partial F}{\partial t} + \nabla \cdot \left(\frac{1}{n} \bar{u} F \right) + \nabla \cdot \left(\frac{1}{n} \bar{u}_c \right) F (1 - F) = 0, \quad (7)$$

The authors and the Editorial Office would like to apologize for any inconvenience caused to the readers by these changes. The change does not affect the scientific results. The manuscript will be updated and the original will remain online on the article webpage.
