The authors wish to make the following correction to this paper [1].

In the original article, there was a mistake in the legend for Figure 7, which for the blue square, should be corrected as follows: “All pups at Patelnia Point”. The correct figure appears below. The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected.

Replace

Figure 7. Number of females and pups in the entire area of Patelnia Point and in the main harem.

with

Figure 7. Number of females and pups in the entire area of Patelnia Point and in the main harem.
