The authors wish to make the following correction to this paper [1]. Formula (1)

$$X_{\text{norm}} = \frac{X - X_{\text{min}}}{X_{\text{max}} - X_{\text{min}}} \quad (1)$$

should be replaced with

$$X_{\text{norm}} = \frac{X_{\text{max}} - X}{X_{\text{max}} - X_{\text{min}}} \quad (1)$$

The authors would like to apologize for any inconvenience caused to the readers by these changes.
