After publication of the research paper [1], it was found that funding information was missing from the Acknowledgment part. We subsequently addressed this point by a revision, as shown below.

The authors would like to apologize for any inconvenience caused. The change does not affect the scientific results. The manuscript will be updated and the original will remain online on the article webpage, with a reference to this addendum.

Acknowledgments: This work was supported by the National Natural Science Foundation of China (41501366, 41571359, 41571357, 41571329 and 41671366), and the Major State Basic Research Development Program of China (2013CB733401). The ground data and airborne observations used in this study were obtained from the HiWATER and Huailai experiments, and the authors thank all of the scientists, engineers, and students who participated in the HiWATER and Huailai campaigns.
