

Supplemental Material

**Magnesium Depletion Score as an Indicator of Health Risk and
Nutritional Status—A Scoping Review**

Table S1. Literature search strategy

Table S2. Study eligibility criteria

Table S1. Literature search strategy

Database	Search	No. of articles
PubMed (MEDLINE)	("magnesium depletion score" [title/abstract]) AND (english[Filter]) NOT (animals [mh] NOT (humans [mh] AND animals[mh]))	48
Embase	'magnesium depletion score':ti,ab AND 'english':la NOT ([animals]/lim NOT [humans]/lim)	44
Scopus	'magnesium depletion score':ti,ab AND 'english':la NOT ([animals]/lim NOT [humans]/lim)	47
CINAHL	TI "magnesium depletion score" OR AB "magnesium depletion score"	7
Web of Science	TI "magnesium depletion score" OR AB "magnesium depletion score"	60

Table S2. Study eligibility criteria

Category	Inclusion criteria	Exclusion criteria
Study design	Clinical trials	<i>In vitro</i> studies
	Observational studies	Animal studies
		Reviews, letters to the editor, editorials, commentaries, conference abstracts, and conference proceedings
		Scoping reviews
		Systematic reviews and/or meta-analyses
		Umbrella reviews
Study duration	No restriction	No restriction
	No restriction	No restriction
Age of participants	No restriction	No restriction
Population health status	No restriction	No restriction
Intervention/exposure	Magnesium depletion score	No restriction
Outcomes	No restriction	No restriction
Comparator	No restriction	No restriction
Date of publication	No restriction	No restriction
Publication status	Published peer-reviewed articles	Non-peer-reviewed articles, unpublished data, preprints, and retracted articles
Language	Published in English	Languages other than English
Country	No restriction	No restriction
