

Table S2. Correlation coefficient between soybean lodging resistance coefficient and yield

	HN84		HN60	
	Lodging resistance coefficient at podding stage	Lodging resistance coefficient at seed filling stage	Lodging resistance coefficient at podding stage	Lodging resistance coefficient at seed filling stage
yield	0.56**	0.44*	0.39*	-0.29

Note: * and ** are $P \leq 0.05$ and $P \leq 0.01$, respectively.
