Basal-type breast cancer stem cells over-express chromosomal passenger complex proteins

Angela Schwarz-Cruz y Celis, et. al.

Supplementary Figure 3. Kaplan-Meier survival plot for relapse-free and overall survival in breast cancer patients. (A, C, E) Kaplan-Meier survival plot for relapse-free survival in breast cancer patients classified individually for each CPPM gene: (A) BIRC5, (C) AURKB and (E) INCENP. (B, D, F) Kaplan-Meier survival plot for overall survival in breast cancer patients, classified individually for each CPPM gene: (B) BIRC5, (D) AURKB and (F) INCENP.
