In the published article [1], the authors realized two errors: (1) Table 1 on page 3, the areas of the meadows were missing decimal points. The area of Marian Meadow is 18.2 ha and the Control Meadow area is 8.1 ha; and (2) on page 6 line 5, the pre-restoration dates are 2014–2015 WY.

The authors would like to apologize for any inconvenience caused to the readers by the change. The change does not affect the scientific results. The manuscript will be updated and the original will remain online on the article webpage, with a reference to this Correction.
