

# Supplementary Materials

**Table S1**  
**Evaluation criteria of 1-9 scale method.**

Scale Method	1	3	5	7	9	2,4,6,8
Definition	Factor I is as important as factor J	Factor I is slightly more important than factor J	Factor I is more important than factor J	Factor I is strongly more important than factor J	Factor I is significantly more important than factor J	Intermediate state of two adjacent judgments

**Table S2**  
**The judgment matrix of four subsystems.**

Criterion Layer	A	B	C	D
A	1	2	3	4
B	1/2	1	1/3	3
C	1/3	3	1	2
D	1/4	1/3	1/2	1
