Correction

Correction: Dostal et al. Platinum Group Element Mineralization in Mongolia: Geological Setting, Occurrences, and Exploration Potential. *Minerals* 2026, *16*, 317

Jaroslav Dostal [1,*], Ochir Gerel [2] and Turbold Sukhbaatar [3]

References' Correction

In the original publication [1], several errors were identified in the reference list, including missing authors, mismatches in publication titles, and references that were not available online. The corrections apply to the following references in the original publication: [16,17,20,26,30,32–35,37,40,56]. These are presented in corrected form below as [2–13]. References [20,26,30,40,56] have been replaced with alternative references that are available online, while the citations for the remaining references [16,17,32–35,37] have been corrected. This update has been followed by removing former reference [30] from Section 3.4 Gurvansaikhan Ridge Ophiolite, and reference [42] from Section 4 Rift-Related Layered Mafic–Ultramafic Intrusions, first paragraph. With this correction, the order of some references has been adjusted accordingly.

The authors state that the scientific conclusions are unaffected. This Correction was approved by the Academic Editor. The original publication has also been updated.
